

MEMORANDUM OF UNDERSTANDING
Between
Joliet Junior College
and
The Board of Trustees of Illinois State University

This Memorandum of Understanding (MOU), dated November 1, 2023, establishes mutual understandings and agreements between Joliet Junior College (JJC) and the Board of Trustees of Illinois State University (ISU) on behalf of its Mennonite College of Nursing with respect to the Bachelor of Science in Nursing (BSN) degree earned through Dual Enrollment of students in each partner institution (Dual Enrollment).

WHEREAS, ISU has the expertise to provide instruction leading from an A.D.N. degree to a BSN degree; and

WHEREAS, JJC wishes to have ISU facilitate dual enrollment of A.D.N. students into the ISU RN to BSN program; and

WHEREAS, the parties find it mutually beneficial to enter into an agreement to establish the guidelines for performing these services;

The two institutions agree to the following:

1. ISU will collaborate with JJC to facilitate concurrent enrollment of JJC's A.D.N. students into ISU's RN to BSN program. Under the Dual Enrollment agreement, ISU will offer admission to a mutually-agreed upon number of JJC students each Fall semester. Admission is contingent upon completion of the following JJC courses with a grade of "C" or better (see Exhibit A): BIOL 240, 250 and 251; PSYC 101 and 215; HEAL 109; ENGL 101 and 102; COM 101; NUR 140, 150, 160, 163, and 164; cumulative GPA of 2.5; and all B's in nursing courses at the end of Spring 2 (See Exhibit A).
2. ISU will request that dual-enrolled students submit transcripts each semester to ensure retention requirements are met. Specifically, the student must remain in good standing at the A.D.N. institution. Failure to maintain A.D.N. program eligibility will result in dismissal from the ISU Dual Enrollment program.
3. JJC students who do not pass their Nursing Licensure Exam (NCLEX) following their first or subsequent attempt at the end of Spring 3 and prior to the start of Fall 4 at ISU (see Exhibit A) will be dismissed from ISU's program. Dismissed students may submit a readmission application after passing the NCLEX exam.
4. JJC students who withdraw or are dismissed from JJC courses during Fall 3 or Spring 3 will be allowed to remain in the concurrently enrolled ISU courses but may not progress at ISU until previously attempted JJC courses are completed.
5. During concurrent enrollment in JJC and ISU courses, students will follow the dismissal policy outlined in their mutual catalogues; following completion of JJC nursing courses the dismissal policy outlined in the ISU catalogue will remain in effect. Any JJC student who withdraws or is dismissed from the relevant program may reapply. Students will be required to pay all relevant

ISU and/or JJC application fees before advancing in the program. Readmission will be based on the competitiveness of the student academic profile and available space.

6. ISU will assess tuition and fees for all ISU courses based on the applicable published tuition rates for the term; JJC courses will be billed at the applicable published tuition and fee rate for that institution for the designated term.
7. ISU will work collaboratively with JJC's designated academic advisor; monitor progress of students for continued academic compliance; provide health and safety requirements to students upon admission to the Dual Enrollment program with the expectation that they comply prior to *enrolling* in RN to BSN coursework; meet with prospective students at JJC a minimum of one time per year to discuss admission process and timeline; provide plan of study to prospective students that incorporates A.D.N. / RN to BSN coursework and update yearly in consultation with JJC; provide JJC with graduation statistics of students from its program, if Dual Enrollment participant signs appropriate FERPA waivers to allow such sharing of information.
8. JJC shall obtain FERPA waivers from dually-enrolled students to allow for effective communication about student progression; work collaboratively with ISU's designated academic advisor (noting that A.D.N. advisor will provide primary academic advisement of student until the end of Spring 3 – see Exhibit A – at which point the ISU advisor assumes primary role); monitor progress of students for continued academic compliance and for completion of all academic requirements for transfer; provide space for ISU administrators/recruiters to meet individually with prospective students at the transfer institution a minimum of one time per year to discuss transfer and admission process and timeline; and provide updates to Illinois State regarding changes to A.D.N. plan of study as needed
9. The financial aid offices of each institution will work together to determine the home school in the best interest of the student, on a case-by-case basis. Typically, JJC will serve as the home school during the first two years and ISU will serve as the home school the remaining years of the program. Each home school shall develop a consortium agreement process for administering financial aid awards to students based on the student's enrollment in the Dual Enrollment program. Each school shall process the aid award for the enrolled students based on the total course load for the term.
10. JJC will take the necessary steps to facilitate smooth transfer of its Dual Enrollment participants into ISU's RN to BSN Program.
11. Representatives of both institutions agree to meet or communicate on a regular basis, but at least every other year to assess curricular changes and other conditions that may affect the nature of the agreement.

12. Either party may terminate this agreement by giving at least sixty (60) days advance notice to the cooperating institution's chief academic officer. Students participating at the time of termination will be permitted to complete the program.
13. This MOU is effective on the date specified above, will continue for a period of one (1) year, and will automatically renew each year for a total period not to exceed five (5) years unless terminated in accordance with paragraph twelve (12) above.
14. It is understood and agreed that neither party to this Agreement shall be legally liable for any negligent or wrongful acts, either of commission or omission, of the other, unless such liability is imposed by law and this Agreement shall not be construed as seeking to either enlarge or diminish any obligation or duty owed by one party against the other or against third parties.
15. Both parties agree to comply with all applicable federal and state nondiscrimination, equal opportunity and affirmative action laws, orders, and regulations. Neither party shall engage in unlawful discrimination or harassment against any person because of race, color, ancestry, national origin, religion, pregnancy, sexual orientation, order of protection, gender identity and expression, age, marital status, disability, genetic information, unfavorable military discharge, status as a veteran, or sex (including sexual harassment, sexual assault, domestic violence, dating violence, and stalking).
16. The relationship of each party to the other under this Agreement shall be that of independent contractor, and no employment, partnership, or joint venture relationship shall be created by the entry into or performance of this Agreement by the parties.
17. Both parties affirm that, to the best of its knowledge, there exists no actual or potential conflict between such party's business, or financial interests and its obligations under this Agreement; and, in the event of a change in either of its private interests or obligations under this Agreement, and such party will raise to the other any questions regarding a possible conflict of Interest which may arise as a result of such change.
18. This Agreement may not be assigned to either party without the prior written consent of the other party. Such consent shall not be unreasonably withheld. The Agreement, attachments, and incorporated references shall constitute the entire agreement between the parties with respect to the content of said Agreement. This Agreement may not be amended by either party unless such amendment is mutually acceptable to both parties and is reduced to writing and signed by both parties.
19. The failure of either party to enforce any provision hereof shall not be construed as a waiver of such party's right to enforce such provisions in the future. In the event that any provision of this Agreement shall be held to be void, voidable or otherwise unenforceable, the remaining provisions, shall remain in full force and effect. This Agreement shall be governed by the laws of the State of Illinois, without regard to the conflicts of laws. Any dispute arising hereunder shall be brought only in the appropriate courts located in Illinois. This Agreement may be executed in counterparts, including by facsimile signature, each of which shall be deemed an original, and all of which together shall constitute a single instrument.

20. Governing Law. This Agreement shall be governed by and construed in accordance with the laws of the State of Illinois.

21. Confidentiality. Both ISU and JJC may receive confidential student information as a result of participation associated with this Articulation Agreement. ISU and JJC agree to abide by the student protections as outlined in the Family Educational Rights and Privacy Act (FERPA).

22. Use of Trademark. ISU and JJC agree to grant mutual, non-exclusive, non-transferable rights to utilize each other's trademarks, logos, or other institutional identifiers as provided by each party for the purposes of promoting this agreement, and for no other purpose. Should improper use of any trademark by either institution be determined, ISU and JJC shall attempt to collaboratively work to rectify the usage. Usage does not grant any right or interest to acquire said trademarks.

23. Any notice required hereunder shall be deemed given when delivered in person or three (3) days after being sent by first class mail to the following addresses, which may be changed by notice provided pursuant to this Agreement:

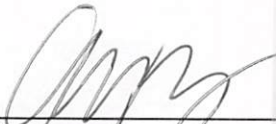

For Illinois State University:
Kileigh Guido, MA
Assistant Dean for Student Services
Mennonite College of Nursing
Illinois State University
Campus Box 5810
Normal, IL 61790-5810

For Joliet Junior College:
Jorie Kulczak, DNP, RN
Dean of Nursing
Joliet Junior College
1215 Houbolt Road
Joliet, IL 61761

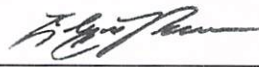

IN WITNESS WHEREOF, the parties hereto have executed this Agreement as of the date below.

The Board of Trustees of Illinois State University

Joliet Junior College

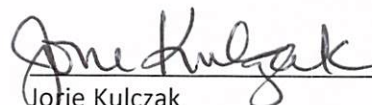

Dr. Ahi Yazedjian 10/26/23
