## MEMORANDUM OF UNDERSTANDING

This Memorandum of Understanding ("MOU"), dated June 1, 2019, establishes mutual understandings and agreements between Danville Area Community College ("DACC") and the Board of Trustees of Illinois State University on behalf of its Mennonite College of Nursing ("ISU") with respect to the Bachelor of Science in Nursing ("BSN") degree earned through Dual Enrollment of students in each partner institution ("Dual Enrollment").

WHEREAS, ISU has the expertise to provide instruction leading from an A.D.N. degree to a BSN degree; and

WHEREAS, DACC wishes to have ISU facilitate dual enrollment of A.D.N. students into the ISU RN to BSN program; and

WHEREAS, the parties find it mutually beneficial to enter into an agreement to establish the guidelines for performing these services;

THEREFORE, the parties agree as follows:

- A. ISU will collaborate with DACC to facilitate concurrent enrollment of DACC's A.D.N students into ISU's RN to BSN program. Under the Dual Enrollment agreement ISU will offer admission to a mutually-agreed upon number of DACC students each Fall semester. Admission is contingent upon completion of the following DACC courses with a grade of "C" or better (see Exhibit A): BIO1 136, 137 and 140; PSYC 100 and 210; ENGL 101 and 102; SPCH 102, NURS 192, 194 and 195; cumulative GPA of 2.5; and all B's in nursing courses at the end of the second semester of the DACC nursing program. See plan of study.
- B. ISU will request that dually-enrolled students submit transcripts each semester to ensure retention requirements are met. Specifically, the student must remain in good standing at the A.D.N. institution. Failure to maintain A.D.N. program eligibility will result in dismissal from the ISU Dual Enrollment program.

DACC students who do not pass their Nursing Licensure Exam (NCLEX) following their first or subsequent attempt and prior to the start of the nursing program at ISU (see Exhibit A) will be dismissed from ISU's program. Dismissed students may submit a readmission application after passing the NCLEX exam.

DACC students who withdraw or are dismissed from DACC courses will be allowed to remain in the concurrently-enrolled ISU courses but may not progress at ISU until previously attempted DACC courses are completed.

During concurrent enrollment in DACC and ISU courses students will follow the dismissal policy outlined in their mutual catalogues; following completion of DACC nursing courses the dismissal policy outlined in the ISU catalogue will remain in effect. Any DACC student who withdraws or is dismissed from the relevant program may reapply. Students will be required to pay all relevant ISU

and/or DACC application fees before advancing in the program. Readmission will be based on the competitiveness of the student academic profile and available space.

- C. ISU will assess tuition and fees for all ISU courses based on the applicable published tuition rates for the term; DACC courses will be billed at the applicable published tuition and fee rate for that institution for the designated term.
  - D. ISU will work collaboratively with DACC's designated academic advisor; monitor progress of students for continued academic compliance; provide health and safety requirements to students upon admission to the Dual Enrollment program with the expectation that they comply prior to *enrolling* in RN to BSN coursework; meet with prospective students at DACC a minimum of one time per year to discuss admission process and timeline; provide plan of study to prospective students that incorporates A.D.N. / RN to BSN coursework and update yearly in consultation with DACC; provide DACC with graduation statistics of students from its program, if Dual Enrollment participant signs appropriate FERPA waivers to allow such sharing of information.
  - E. ISU will facilitate regular meetings for representatives of both institutions at least bi-annually to review curricular changes and other changes that may affect the nature of the agreement.
  - F. The financial aid offices of each institution will work together to determine the home school in the best interest of the student, on a case by case basis. Typically DACC will serve as the home school during the first two years and ISU will serve as the home school the remaining years of the program. Each home school shall develop a consortium agreement process for administering financial aid awards to students based on the student's enrollment in the Dual Enrollment program. Each school shall process the aid award for the enrolled students based on the total course load for the term.
- 1.
    - A. DACC commits to facilitate smooth transfer of its Dual Enrollment participants into ISU'S RN to BSN Program;
    - B. DACC Nursing Department commits to obtain FERPA waivers from dually-enrolled students to allow for effective communication about student progression; work collaboratively with Illinois State's designated academic advisor (noting that A.D.N. advisor will provide primary academic advisement of student until the end of the A.D.N. program -see plan of study - at which point the Illinois State advisor assumes primary role); monitor progress of students for continued academic compliance and for completion of all academic requirements for transfer; provide space for Illinois State administrators/ recruiters to meet individually with prospective students at the transfer institution a minimum of one time per year to discuss transfer and admission process and timeline; and provide updates to Illinois State regarding changes to A.D.N. plan of study as needed.
  - 2. This MOU will become effective on the date specified, and will continue for a period of one (1) year, and will be automatically renewed for additional one (1) year terms

for a total of five (5) years, unless earlier terminated in accordance with the terms hereof.

3. DACC affirms that, to the best of its knowledge, there exists no actual or potential conflict between DACC's family, business, or financial interests and its obligations under this MOU; and, in the event of change in either its private interests or obligations under this MOU, DACC will raise with ISU any questions regarding possible conflict of interest which may arise as a result of such change.

10. This MOU may not be assigned by either party without the prior written consent of the other party. Such consent shall not be unreasonably withheld.
11. This MOU, attachments, and incorporated references shall constitute the entire agreement between the parties with respect to the subject matter hereof and supersedes all prior communications and writings with respect to the content of said MOU.
12. This MOU may not be amended by either party unless such amendment is mutually acceptable to both parties, and is reduced to writing and signed by both parties.
