

Fall 2009 Final Exam Schedule

Irregular Scheduling

If a course meets during a block of time which is not listed, the examinations should be given during the hour in which the class meets the longest. For example, 9:35-10:50 MW should be given with the 10:00 MWF hour, not 9:00 MWF.

Number of Final Examinations in one day

Students who have no more than two final examinations on the same day will be expected to take these examinations as scheduled. A student concerned about having more than two examinations scheduled for the same day should address this concern **prior to finals week**: (1) student brings photo ID to SSRC, Moulton Hall 107, to request a form verifying more than two finals scheduled on the same day, and (2) student then shares this form with instructor when requesting that an exam be moved to a different date.

Length of Examination

The length of the examination period is determined by the number of semester hours of credit received for a course. Forty (40) minutes per semester hour credit is considered appropriate. The Final Examination Schedule below is designed for examinations no longer than 120 minutes. Any professor who wishes to examine for a period longer than 120 minutes must telephone the Scheduling Office (438-8680) to make room arrangements.

Inclement Weather Final Examination Schedule

If weather conditions cause a delay in the regular activities of the University during the Final Exam period, the following schedule will be used:

1. Closure on Saturday, December 5, exams will be rescheduled for Sunday, December 6. Rescheduled exams will be given at the same time as originally scheduled.
2. Closure on any single evening, December 7-10, exams will be rescheduled for Friday, December 11 (evening). Rescheduled exams will be given at the same time as originally scheduled.
3. Closure for one full day (including evenings) December 7-10, exams will be rescheduled for Friday, December 11. Rescheduled exams will be given at the same time as originally scheduled. If the University has a second day of closure, then exams for that day will be rescheduled for Saturday, December 12. Rescheduled exams will be given at the same time as originally scheduled. Since Commencement activities will take place as originally scheduled on Saturday, December 12, any student who has a time conflict due to rescheduling on Saturday should contact the Office of the University Registrar's Student Service and Referral Center for assistance.
